

MEGHA JOSHI

WORK EXPERIENCE

2017
|
Present

Graduate Research Assistant

The University of Texas at Austin

📍 Austin, Texas

- Developed generalized boosted models to estimate propensity scores to evaluate the impact of a college preparatory program.
- Integrated large relational datasets containing information on all students in Texas schools from multiple sources. Wrangled the data for analysis.
- Created technical reports on the findings; communicated findings to stakeholders.

2018

Graduate Research Assistant

The University of Texas at Austin

📍 Austin, Texas

- Developed propensity score models to evaluate School of Undergraduate Studies programs.
- Created visualizations (R::ggplot) of impact analyses and automated creation of reports using R Markdown.
- Led a workshop on impact assessment.

2015-
2016

Integrated Community Development Intern

A Glimmer of Hope Foundation

📍 Austin, Texas

- Analyzed data related to health, education, water, sanitation, and micro-finance projects carried out by the organization in Ethiopia.
- Developed a method to estimate the number of people who have benefited from the projects.

TEACHING EXPERIENCE
